

Vistancia Constructora

Official Notice – July 20, 2026

we wish to provide a transparent update on the progress of the transfer and registration files for clients of the NAKUA project.

First and foremost, we want to reassure you: the NAKUA project has indeed received its official approval. However, it is important to note that this is a large-scale development. Due to its magnitude, the administrative, banking, and legal processes are particularly rigorous and require thorough verification.

At this stage, we are in the final phase of the administrative procedures. Specifically, we are currently awaiting feedback from the bank, which may request a supplementary document or a minor correction. As soon as we receive such a request, our team will process it with the highest priority.

The final step in this process will be to obtain official confirmation from the National Taxpayer Registry (RNC).

We understand that these timelines may raise questions, but the rigor of these procedures is essential to guarantee the legal security and long-term viability of your investment. Our team monitors these files closely on a daily basis.

We will be sure to inform you immediately once the RNC confirmation is finalized and the transfer operations can be officially completed.

We sincerely thank you for your patience, trust, and understanding.

Sincerely,

The Transition Team

Vistancia Constructora S.R.L.
